

MUATH ALKATHIRI

WEB DEVELOPER

SUMMARY

Junior Front-End Developer and Computer with Business graduate, skilled in JavaScript, React, and Next.js. Passionate about building responsive, user-centered web applications and writing clean, maintainable code while continuously learning and improving.

EXPERIENCE

APPLICATIONS DEVELOPER

Personal Portfolio

- Built a personal portfolio website using Next.js to demonstrate technical expertise and showcase projects.
- Designed and implemented a responsive user interface with Tailwind CSS, ensuring optimal performance across devices.

E-commerce Website (Practice Project)

- Developed an Amazon-style e-commerce website as part of a self-learning project to strengthen JavaScript skills.
- Implemented product listing, shopping cart functionality, and dynamic UI updates using vanilla JavaScript.
- Practiced working with modular code structure and responsive web design principles.

Play Sphere (graduation project)

- Designed and developed the user interface using HTML, CSS, JavaScript
- Implemented form validation, modals, and animations for enhanced UX
- Collaborated with a team of 4 members using Git for version control

Car Rental Management System

- Developed a Java-based desktop application to manage car rentals and client records
